We are open all year

Seddon's Caravan Park is a small family run park in a beautiful woodland setting, where you may see a wide range of wildlife. Red Squirrels, roe deer, badgers and foxes all make their homes in the area and can often be seen in the surrounding woodland and even on the caravan park.

This is a quiet park without a club house. A real must for those wanting a get away from it all holiday. However; the Widdrington Inn, which serves good value meals, and the Country Barn farm shop and cafe are at Widdrington Village, only 1 1/2 miles away.

Druridge Bay, an 8 mile stretch of unspoilt beach and a site of special scientific interest, is only 3 miles away. The Druridge Bay Country Park with its lake and water sports facilities, walks, cycle paths, beach, information centre and cafe is a five minute drive away.

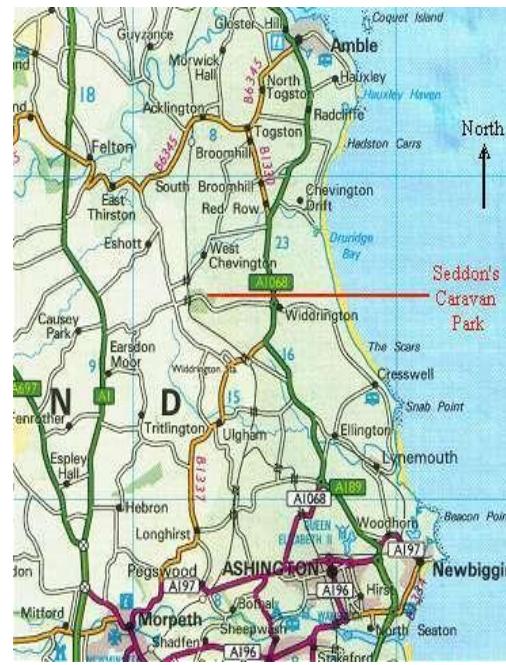

Only 3 miles from the A1, Seddon's Caravan Park is the perfect centre for exploring Northumberland. The Northumbrian Coastal Route can be joined at Widdrington Village. Or why not visit one of the many splendid Northumbrian castles all within easy travelling distance.
